STACK'S BOWERS GALLERIES

Chris Napolitano

President

A collector since childhood, Chris Napolitano joined Stack's-Bowers Galleries in December 2010 following an extremely successful career as the founder, president and CEO of Summit Rare Coins, Inc. With more than two decades of industry experience, Chris has handled in excess of \$250 million in rare coins, including 80 of the coins featured in the popular numismatic reference book by Jeff Garrett, *100 Greatest U.S. Coins*, along with many notable pedigrees. His numismatic knowledge is virtually unsurpassed, and he is happy to make himself available to consignors to discuss auction opportunities for their numismatic rarities and collections.

Q. David Bowers

Chairman Emeritus

Perhaps the best-known and most noteworthy numismatist of the last 50 years, Q. David Bowers' work with rare coins is so voluminous and so extraordinary that he was named by *COINage* magazine as one of the "Numismatists of the Century," among a multitude of awards and honors. During his illustrious career, he has catalogued and sold at public auction many of the finest and most valuable and important collections ever assembled. They include the Louis E. Eliasberg, Sr. Collection; the Harry W. Bass Jr. Collection; the Ambassador and Mrs. R. Henry Norweb Collection; the John Work Garrett Collection sold by order of The Johns Hopkins University; the Childs Collection; and myriad others.

Richard Ponterio

Executive Vice President

Richard Ponterio began collecting coins as a young boy at the age of 10. His interests first peaked in numismatics while working for his uncle who owned a vending machine company. During the summer, Rick would accompany his uncle along his route, re-stocking the machines and collecting the coins which had been deposited. At the end of each day, the two of them would search through the coins for dates and varieties they needed for their collections. In 1972 he decided to make numismatics his full time profession. From 1974-1982 he helped co-found the firm Ponterio & Wyatt, conducting mail bid auctions, price lists, and attending major coin shows. In 1982 he formed the company Ponterio & Associates which was accepted in to the I.A.P.N. (International Association of Professional Numismatists) in 1988, and served on the executive committee of the I.A.P.N. for eight years. He joined the P.N.G. (Professional Numismatists Guild) in 1979, and served on its board of directors for six years. He is an ANA life member and is the president of the New York International Numismatic Convention.

Christine Karstedt

Executive Vice President of Consignments

Christine Karstedt serves as executive vice president of consignments. A familiar figure at numismatic conventions and auctions for over two decades, Chris has built a vast auction contacts during her extensive career. She is well known at the podium, as a licensed auctioneer and also as a speaker for numismatic programs. Chris' ability to attract worldwide attention to the sale of numismatic material placed her at the center of the publicity program for the record-breaking \$100 million treasure of the *S.S. Central America* and the *S.S. Brother Jonathan*. Over a long period of years she has worked with hundreds of consignors and helped present the Louis E. Eliasberg Sr. Collection, the Harry W. Bass, Jr. Collection, the Ambassador and Mrs. R. Henry Norweb Collection, the Walter Childs Collection, the Dr. Haig A. Koshkarian Collection, the Oliver Jung Collection, and the Cardinal Collection. She is a member of the Professional Numismatists Guild, a life member of the American Numismatic Association and a board member of the Industry Council for Tangible Assets (ICTA). Her unstinting and tireless efforts have helped leading collectors and dealers worldwide obtain the very best prices for coins, tokens, medals, and paper money, working hand-in-hand with experts and departments within our organization.

From 2005 to 2011, Nirat headed the International Coin division of R. M. Smythe and Company, and in 2008 he was placed in charge of the international coin division of Spink, U. S. A., then joining Stack's Bowers Galleries, where he remains internationally important. For the last 25 years, Nirat has been a major force in the Asian coin and paper money market, where he is widely recognized as one of the leading experts. In recent years he traveled extensively, seeking rarities from China, Hong Kong, Thailand, Straits Settlements, Korea, and other Asian countries, aided by his vast knowledge of Asian coins and paper money and his ability to communicate fluently in several languages.

Johnson, Inc., Baldwin's Auctions of London, Spink London, Taisei Stamps & Coins of Hong Kong and Singapore, and Butterfield-Johnson-Gillio. He is a Life Member of the American Numismatic Association, a member of the International Association of Professional Numismatists for more than two decades, and founding charter member No. 11 of the Professional Coin Grading Service (PCGS).

Harvey Stack

Senior Numismatic Consultant

Harvey Stack is the son of Morton M. Stack and nephew of Joseph B. Stack, who formed Stack's rare coin business in 1933, where Harvey worked as a full-time staff member for 62 years, from 1947 until his retirement in 2009 as chief manager of business affairs. During those six decades, Harvey personally conducted more auction sales than anyone in the numismatic industry, and he appraised and cataloged countless numismatic rarities and was responsible for the sale of some of the most spectacular collections in history, such as the Anderson-Dupont Collection, the Davis-Graves Collection, and the Harold S. Bareford Collection. In 1996, Harvey addressed the U.S. House Banking Committee to propose the State commemorative quarters series, and when the program ended in 2008 the U.S. Mint estimated that 147 million people were collecting state quarters. Harvey has been a member of the ANA for more than half a century, as well as countless other significant numismatic associations.

Lawrence R. Stack

Senior Numismatic Consultant

Lawrence R. Stack, son of Harvey Stack, joined the family firm in 1973, having learned much of the business from his own study, dealing, and family experience. He is personally responsible for the development of many important and noteworthy collections and brought several significant collections to Stack's, including the John J. Ford Jr. Collection, the Dallas Bank Collection, as well as the world record sale of the highest price ever realized at auction for a rare coin, the legendary 1933 St. Gaudens Double Eagle that realized an astonishing \$7.59 million (the two latter sales in partnership with Sotheby's). An experienced collector, Lawrence has formed major collections of French Ecus, Five-Franc pieces, and Ecus d'Or, and his in-depth collection of Celtic and Anglo-Saxon coins ranks high among the finest ever assembled. His Renaissance medals collection is now one of the standard reference works for the field. He is a member of the ANA and numerous national and international numismatic associations.

Kent Ponterio

Senior Numismatist and Consignment Director, World and Ancient Coins

Numismatics is a Ponterio family tradition, including Kent's father, Richard H. Ponterio, and his grandfather, James E. Ponterio. As a child Kent would spend weekends and summers in his father's store, and attend coin shows working as a page for pocket money to spend on coins. He began with United States coinage, and soon switched to Spanish Colonial coinage. He worked for his father's San Diego-based company, Ponterio & Associates, from 1993-2008, at which point the firm was acquired by Stack's Bowers Galleries.

In 2002, Kent published an article, "The Coinage of Mexico Struck During the Reign of Charles and Johanna, New Finds Reassigning the Chronology of Assayers," published in the United States, Mexico and Spain. In 2002 and 2007 he received the "Alberto Francisco Pradeau" award, the highest award given by La Sociedad Numismatica de Mexico for contributions to the advancement of Mexican numismatics; and in 2006 he received the "Numismatic Achievement" award from Numismatics International. Kent has conducted lectures at key numismatic conventions, and published a book in Colombia on the 8 Escudo cob coinage struck at the Santa Fe de Bogota Mint.

Matthew W. Quinn

Director of Currency Auctions

Matthew Quinn is an ambitious young talent in the industry who marks his passion for collectible paper money with serious detail. Since his move from New Hampshire corresponding with his employment with Spectrum Numismatics, Matt has diversified his portfolio to include not only dealing banknotes, but cataloging, auction processing, and further enhancing dealer relationships, as well. His passion for numismatics was first sparked at a young age by his grandfather in Newburyport, Massachusetts, and then enhanced under the tutelage of Donald Severence, who showed him the intricacies of U.S. banknotes. Later, he was further inspired by Peter Treglia of Spectrum Numismatics to begin his professional career in the field. Now, as director of currency auctions for Stack's Bowers Galleries, Matt is integral to the auction process for both U.S. and world paper money cataloging and consignments.

Kyle Ponterio

Numismatist and Consignment Director, World and Ancient Coins

Kyle Ponterio As a member of a family with three generations of numismatists, it was with great anticipation that Kyle Ponterio continued his family tradition. Kyle joined Ponterio & Associates in 2005, when he started out packaging in the shipping room, along with imaging for the print and online catalogs. However, with the guidance of his father and brother, Rick Ponterio and Kent Ponterio, he began learning numismatics at a rapid pace. Soon after, he started cataloging coins for auction, doing numismatic research, and buying and selling coins, as the latest numismatic specialist at Stack's Bowers Galleries.

Although Kyle credits his father and brother as "good teachers" for his success in numismatics, he brings a fresh new pair of eyes to the company. He enjoys traveling to shows because it gives him the opportunity to look at other's cases and enjoy their collections. Kyle collects sun face coins and necessity money. He is an ANA member, and also attends monthly meetings of the Greater Orange County Coin Club.

Todd McKenna

Numismatist and Auction Services Associate

Todd joined Stack's Bowers in spring of 2011 as an Auction Services Associate and foreign coin Numismatist. Since then he has worked closely with the Ponterio family who have educated him on the intricacies of foreign numismatics. Under the tutelage of such well versed instructors he has begun a rapid acquisition of knowledge and understanding of the numismatic world. Chinese currencies of both ancient and modern times have been of particular interest to him. Though new to the coin industry, Todd is excited to work in a field which brings together history and artistry in such a unique and beautiful way.

THE DEMARETE COLLECTION

The Demarete Collection, one of the most diverse properties we have had the pleasure of handling in some time, was assembled over the course of the 1930's to the 1970's, by a family of devoted numismatic scholars. The collection was begun in Europe prior to World War Two, and when the Nazi Regime spread, the family fled the horrors to the United States. Once here, the family began an impressive numismatic career that included working for several major numismatic firms and as curators of important numismatic collections. Over the years, the family had formed a very close working relationship with the Stack family, and when the time came to offer the collection for sale, the natural choice was Stack's Bowers and Ponterio.

Extensive collections of ancient Greek and Roman coins were formed, and books written on the subject, based on their collection. Also of interest was a wide range of modern world coins (post 1600), in generally very high quality. We were pleased to present the first two parts of the Demarete Collection in our March 2012 Baltimore

Sale and our April 2012 Hong Kong sale. The selection of rare date US gold coins and the Chinese and Asian rarities and patterns were very well received by the current generation of collectors. In this sale, we are proud to present another wonderful selection of high quality and rare coins from this fabulous collection. The highlights are numerous, and include rarities from Italy, Germany, Russia, and other European nations.

Further selections will be offered in our November 2012 Baltimore auction, as well as the 2013 New York International Sale and beyond. Once this collection is sold, it will join the ranks of the greatest collections of world coins offered at auction. Stack's Bowers and Ponterio is proud to be able to offer it to the current generation of collectors and specialists. It will be a long time before another collection of similar diversity and quality is offered for sale. It is our great pleasure to present for your bidding consideration, the Demarete Collection; another opportunity like this could be a long time away.

RARE 20 Afghanis P-24a in PMG Extremely Fine 40 EPQ

AFGHANISTAN

20001 Bank of Afghanistan. 20 Afghanis, SH1318 (1939). P-24a. An extremely rare type which is seldom offered in any state of preservation. This 20 Afghanis note is one of only a few we have handled and certainly the most appealing. Normally seen with cross line cancels, this piece is free from distraction. Perfectly original and deeply embossed paper furthers the appeal and large even margins are welcomed. Light circulation and likely among the finest available. **PMG CHOICE EXTREMELY FINE 45 EPQ** **\$4000-\$6000**

20002 Bank of Afghanistan. 20 Afghanis, SH1318 (1939). P-24a. A rare second offering of this elusive catalog number with this piece showing with more circulation but still bright color and appeal. Original paper is easily seen and all we mention is a small split at the upper center margin. **VERY FINE**..... **\$1200-\$1600**

Incredible PMG Choice Uncirculated 64 EPQ 500 Afghanis

AFGHANISTAN

20003 Bank of Afghanistan. 500 Afghanis, SH1318 (1939). P-27. This remarkable item is the finest known 500 Afghanis according to the PMG population report and also the finest raw or certified we have had the pleasure to handle. The note offers strictly original paper with deep embossing of the inks throughout. Dark purple color contrasts nicely to the multi-color under-printing and sensational design detail throughout is mentioned. The previous finest we handled for the type was a Choice Extremely Fine note which brought \$2,065.00 as lot 7003 in our June 2010 Baltimore sale. Surely an item which will see spirited bidding. **PMG CHOICE UNCIRCULATED 64..... \$5000-\$7000**

ALGERIA

20004 Banque de L'Algerie. 500 Francs, 13.7.1926. P-82. A highly scarce very large format note in mid-grades with this evenly circulated note shown with great inks and largely problem free paper. Only a single minor edge tear is reported and traces of original embossing are welcomed. Two pinholes are seen with a date which is unlisted in the current SCWPM. **VERY FINE**..... **\$500-\$700**

ANDORRA

20005 Consell General. 50 Centims, 19.12.1936. P-5. A sensational example of this popular type which shows with vivid inks, original paper and picture perfect centering and margins. The finest PMG has graded with no equals. PMG Pop. 1/ none finer. **PMG SUPERB GEM UNCIRCULATED 67 EPQ**..... **\$400-\$600**

20006 Consell General. 50 Centims, 19.12.1936. P-5. This note is seen with fresh original paper and a sharp impression on the design. A popular change note and scarce this pleasing. **PMG GEM UNCIRCULATED 66 EPQ**..... **\$400-\$600**

20007 Consell General. 1 Pesseta, 19.12.1936. P-6. A note which is among the finest known according to the PMG population report with only a single other piece grading in the Superb Gem Grade. This note shows incredible inks and lovely centering and margins. **PMG SUPERB GEM UNCIRCULATED 67 EPQ**..... **\$600-\$800**

20008 Consell General. 1 Pesseta, 19.12.1936. P-6. Another bright One Pesseta note which offers again, stunning inks, lovely centering and margins and original paper. **PMG GEM UNCIRCULATED 66 EPQ**..... **\$400-\$600**

ANGOLA

20009 Banco de Angola. 500 Angolares, 1.6.1927. P-76s. Specimen printed by TDLR. A design which shows without price in the current SCWPM in issued form and seen here in a bright, original specimen guise. Five punch cancels are observed along with specimen overprint diagonally at center. Vivid shoreline vignette with multi-color inks creating great effect. Light bends at the corners and mostly handling are all that affect the grade. Minor paperclip rust and stains. Rare and likely missing from many collection. **ABOUT UNCIRCULATED**..... **\$1250-\$1750**

20010 Banco de Angola. 10 Angolares, 14.8.1946. P-78. An underrated design which is seldom available in grades above Very Fine. This note shows minimal circulation and great color. Lightly flattened. **EXTREMELY FINE**..... **\$300-\$500**

Incredible Quality Commonwealth of Australia Half Sovereign

AUSTRALIA

20011 Commonwealth of Australia. 10 Shillings, ND (1918). P-3b. Renniks 3b. The highlight of a striking Australia offering in sale and a note which will surely grab the attention of advanced collectors. The note is among the first to be issued by the Commonwealth and offers a stunning layout with a large format design. Seen overprinted with "Half Sovereign," at all borders on the face which is a feature that was added to clarify that the banknote was worth a Half Sovereign in gold. Intricate multi-color under-prints lay under the deep blue bordering design and arms at left. The verso is of particular importance as this series incorporated a vivid under printing which extend to the full borders of the note. The words "Half Sovereign," are seen repeated countless times throughout which bring nice focus to the ornate central design. A prominent vignette depicts the Goulburn Weir which was built in the 1880s as part of Australia's initial irrigation system.

The quality of this item is the highlighting feature as this design is seldom offered with fully original paper quality. The aforementioned trait gives this "MQ," block example the initial appeal of an EF note. The physical circulation is quite light and even and keeps the appeal at a maximum. With prices settling to collector levels for Australian banknotes this piece will surely be well received by those who have been waiting for an opportunity to acquire this elusive design for their holdings.

PMG VERY FINE 30 EPQ.....\$25,000-\$35,000

Significant J.R. Collins | G.T. Allen One Pound Commonwealth Note

AUSTRALIA

20012 Commonwealth of Australia. 1 Pound, ND (1914). P-4c. (R.18) Another remarkable highlight of the Australian banknotes we are offering today with this vivid note showing the highly ornate design with great detail and color throughout. The note is highly rare in pleasing mid-grades such as this example and nearly impossible to locate any finer. Seen with large borders and precise detail of the highly ornate devices and mentioned only with a simple repaired margin tear at the upper left. An offering which does not occur with any regularity making it an important opportunity for collectors. **PMG VERY FINE 30 NET. REPAIRED..... \$7000-\$10,000**

20013 Commonwealth of Australia. 5 Pounds, ND (1918). P-5c. (R37) C.J. Cerutti | J.R. Collins signed. Prefix U, suffix E. An important early type which shows in a pleasing larger format with still appealing inks throughout. The detail is striking on this issue with brilliant multi-colored underprints against a blue frame. Verso design seen printed to edges with multi-color under-printing as well and detailed vignette of Hawkesbury river at center. A minor repair is all we mention alongside honest circulation. **PMG VERY FINE 20 \$2500-\$3500**

20014 Commonwealth of Australia. 1 Pound, ND (1927). P-16c. (R.26) Riddle | Hethershaw signed. A well circulated but problem free note with pleasing color and detail. Always a scarce item in mid-grades. **PMG VERY FINE 20..... \$400-\$600**

AUSTRALIA

- 20015 Commonwealth of Australia. 1 Pound, ND (1933-38). P-22.** (R.28) Riddle | Sheehan signed. A scarce KGV note that shows here in an appealing and problem free state for the grade. Seldom seen any more pleasing. **PMG VERY FINE 30.....\$250-\$350**

- 20016 Commonwealth of Australia. 10 Shillings, ND (1939). P-25a.** (R.12) A very bright and lightly circulated note which offers great color and fully original paper. Challenging this pleasing. **PMG ABOUT UNCIRCULATED 53 EPQ.....\$400-\$600**

- 20017 Commonwealth of Australia. 5 Pounds, ND (1941). P-27b.** (R.46) Armitage | McFarlane signed. A popular higher denomination KGV note that is very elusive in grades higher than Very Fine. This mostly evenly circulated piece retains nice color and shows only a few closed pinholes which is mentioned in the comments section of the PMG holder. **PMG VERY FINE 25.....\$300-\$500**

- 20018 Commonwealth of Australia. 10 Pounds, ND (1949). P-28c.** (R.60) Coombs | Watt signed. This highest issued note for this series with the 50 and 100 Pound interbank notes only available in specimen form with most being destroyed in 1958. This appealing Very Fine note is free from problems for the grade and offers nice detail throughout. PMG has not graded a single example of this catalog number in the Uncirculated grade range with only a few EF and AU pieces above this note. **PMG VERY FINE 30.....\$800-\$1200**

- 20019 Commonwealth of Australia. 5 Pounds, ND (1954-59). P-31.** (R.49) A bright and original note which shows with just a hint of circulation. Scarce this pleasing. **PMG ABOUT UNCIRCULATED 55 EPQ.....\$500-\$700**

- 20020 Commonwealth of Australia. 10 Pounds, ND (1954-59). P-32.** (R.62) Coombs | Wilson signed. This delightful 10 Pound note is one of the finest we have handled for the catalog number in recent memory. Showing with fully original paper and vivid color, this note will certainly appeal to collectors. PMG has graded only two finer at the EF 45 EPQ level with this being the sole 40 EPQ note. JERSEY

- 20218 States of Jersey. 6 Pence, ND (1941-42). P-1a.** The lowest denomination for this quite popular German Occupation note and part of a set we are offering which covers all denominations for the issue. The note is the finest graded by PMG and also is the only Uncirculated piece graded by them as well. Seen with a deep watermark at right center of a chain and with arms at upper left. Verso design mentioned with ornate "Six, Pence," in an orange hue. This item along with the other four we are offering of the series is signed by the designing artist Edmund Blampied at the lower right margin of the face. Also annotated on this note is "In Use During Jersey Occupation, EB," at the lower margin of the verso. The note has completely original paper throughout with a deeply embossed serial number and is free from any distractions. Surely a Gem if not for the annotations which we feel heightens the value considerably.
PMG CHOICE UNCIRCULATED 64.....\$400-\$600

- 20219 States of Jersey. 1 Shilling, ND (1941-42). P-2a.** The next denomination in this spectacular set which offers unmatched quality when viewing the PMG population reports. This piece is the sole Uncirculated note graded by PMG with the next finest being an EF example. Seen again with deep chain watermarks and striking technical quality throughout. Deeply embossed overprints are welcomed and the note is again signed by the designing artist Edmund Blampied at the lower right of the face.

Blampied was born March 30th 1886 in Jersey and became one of the most recognized artist to come from the Channel Islands. Blampied was without formal artistic training until the age of 16 with mostly pen and ink sketches being done prior. A few of those sketches were taken notice by a woman who ran a local and private art school. From there his works quickly caught the attention of people from the upper class who where he was offered sponsorship to art schools in London. From there he led an illustrious career in art utilizing several mediums.
PMG CHOICE UNCIRCULATED 64.....\$400-\$600

- 20220 States of Jersey. 2 Shillings, ND (1941-42). P-3a.** Another immaculate quality German Occupation note which continues this stunning denomination set of all notes bearing the signature of the designing artist Edmund Blampied. The note shows quality similar to all the others with perfect paper quality and deeply embossed overprints. Wide even margins house the stylish design with horse and carriage seen within the under-printing. While this is technically the second finest known with no equals on the PMG population report, we feel that this piece would easily trump the Gem note in the report if not for the welcomed artist signature at lower right.

Blampied's storied life as an artist came into full swing towards the end of 1911 where he ventured into independent status and started to create notable etchings. Many of these etchings were admired by renowned galleries and some were placed on display for public viewing in 1915. One of the more famous pieces, titled "Driving Home in the Rain," was showcased in 1916 and received terrific attention and admiration. In 1925 he and other students created sensational lithographs which were on display at the 1925 Paris Exposition. Their works all garnered them all a Gold Medal at the expo for collaboration.

Choice Uncirculated German Occupation of Jersey One Pound P-6a

JERSEY

20221 States of Jersey. 10 Shillings, ND (1941-42). P-5a. This 10 Shillings denomination is the second highest for the series and one which is significantly more scarce than the three lesser values. The note shows in a considerably larger size and is seen printed in a vibrant green hue with chained watermark twice vertically and at lower border. Deeply embossed serial numbers attest to the original paper and a detailed verso depicts a young girl with two cows at the forest edge. This note is by far the finest graded by PMG and would have easily qualified for a lofty Gem grade if not for the welcomed signature of the designing artist Edmund Blampied at the lower right.

One of Blampied's greater accomplishments came in 1938 where he was elected into the Royal Society of British Artists. Soon after he was contacted and asked to illustrate an edition of the Book Peter Pan which was titled Peter and Wendy. The book was published at the turn of the decade from the 30's to 40's and is often regarded as one of the finest illustrated editions of the story. His illustrations are traced in over 50 books with three times as many dust jacket works.

PMG CHOICE UNCIRCULATED 64.....\$800-\$1200

20222 States of Jersey. 1 Pound, ND (1941-42). P-6a. The final note from this wonderful denomination set of German Occupation notes which is highly scarce in Uncirculated grades. This note is the only piece for the catalog number graded by PMG and likely will remain the finest known as others cross their hands in the future. All the technical quality of a Superb Gem note are present from perfectly original paper to picture perfect centering and margins. Again PMG limits the grade due to the very welcomed artist signature of Edmund Blampied at the lower right. The verso depicts Blampied work which has a great resemblance to a piece named "Seaweed Harvest, Jersey," which he created in 1936. The work on this note, like others from this series, are signed and dated "Blampied, 1941."

Late in Blampied's life he had decided to return from London to Jersey in the late 1930's. In 1940 the loom of German occupation was imminent although he and his Jewish wife decided to remain on the Island. Occupation fell on Jersey on July 1st 1940, Blampied and his wife were trapped there for the nearly five years. During the occupation his work as an artist suffered with communications severed from publishers and other artists abroad. With occupation ongoing, the lack of currencies in Jersey offered an opportunity for Blampied. He fulfilled a request for the States of Jersey and designed the banknotes offered within these five lots. Blampied remained in Jersey after liberation in May of 1945 and from there continued his artistry with more work in oil and watercolor paintings. Blampied died in Jersey in August 1966 at the age of 80 with his ashes being spread in Saint Aubin's Bay. Research provided by Gar Travis Chief Cataloguer of Teletrade Coin and Currency Auctions.

RARE PMG Extremely Fine 40 East Siberia P-S1194b 5,000 Rubles

RUSSIA—EAST SIBERIA

20330 Siberian Provisional Administration. 5,000 Rubles, 1920. P-S1194b. Uniface. Double-Headed eagle at center with maltese cross above. Yellow under-prints and brown primary inks. A simply stunning large format design which is a piece likely missing from even comprehensive collections. This note is pedigreed back to the J.S. Morgan collection which we sold in 2009. Since then it has been PMG encapsulated as an Extremely Fine 40. The note shows without watermarks and suffers from three vertical and a couple corner tip folds. Great detail throughout and a design which seldom appears at public sale. The banknote has also made a recent trip to the Maastricht International Paper money show where it was viewed by several experts in the field, it was unanimously considered genuine. The highly detailed under-printing is very distinct and design features precise. **PMG EXTREMELY FINE 40..... \$6000-\$8000**

RUSSIA—EAST SIBERIA

- 20331 Banque De L'Indo-Chine. 5 Rubles, 12.2.1919. P-S1256s.** Specimen. A rare piece which is seen here with vivid color and strong technical quality for the grade. Nicely centered and with fully original problem free paper. A sheet fold at the left margin is all we note. **PMG CHOICE ABOUT UNCIRCULATED 58 EPQ**.....\$800-\$1200

- 20332 Banque De L'Indo Chine. 25 Rubles, 12.2.1919. P-1257s.** Specimen. A continuation of the series with this 25 Ruble note being never a piece which entered circulation with only these specimen and proof notes known. A great design with strong inks and lovely detail throughout. This example is nearly a Superb Gem with large borders, original paper and great overall technical quality. **PMG GEM UNCIRCULATED 66 EPQ**.....\$1000-\$1500

- 20333 Banque De L'Indo Chine. 100 Rubles, 12.2.1919. P-S1258s.** Specimen. The highest denomination for this series and seen printed in a deep brown-red hue. Multi-colored guilloche at left and right with capped liberty at center which follows trend of the others in this series. Punch cancels at the signatures and seen with solid zero serial numbers. Strong original paper and pleasing centering and margins help confirm the Gem grade assigned by PMG. **PMG GEM UNCIRCULATED 65 EPQ**.....\$1250-\$1750

SARAWAK

- 20334 Government of Sarawak. \$5, 1.1.1938. P-21.** One of the more pleasing we have handled in recent memory for the design with splendid color and detail throughout. Traces of original embossing and seen with only a some repair work at the left margin. Scarce this appealing. **VERY FINE**.....\$1500-\$2000
- 20335 Government of Sarawak. 10 Cents, 1.8.1940. P-25c.** An appealing note with original paper and even circulation. A striking two digit serial number of C000051 is observed. **CHOICE VERY FINE**.....\$125-\$175

SAUDI ARABIA

- 20336 Saudi Arabian Monetary Agency. 50 Riyals, AH1379 (1961). P-9a.** A note which pairs quite nicely to the next lot offering great color and detail and light even circulation. Quite scarce as such and worthy of a premium bid. **PCGS EXTREMELY FINE 40**.....\$500-\$700

- 20337 Saudi Arabian Monetary Agency. 100 Riyals, AH1379 (1961). P-10a.** This note is quite scarce in grades above Very Fine and this Extremely Fine item will surely please. The circulation is light and non-offensive which gives way to great color and detail. Mostly handling accounts for the grade and large margins aid in the appeal. **PCGS EXTREMELY FINE 40**.....\$1500-\$2000

SENEGAL

- 20338 Colonie du Senegal. 1 Franc, 11.2.1917. P-2c.** A without watermark variety which is seen here in a lovely Choice Uncirculated state of preservation. Sharp inks and nice centering and margins. **PMG CHOICE UNCIRCULATED 64**.....\$250-\$350

SEYCHELLES

20339 Government of Seychelles. 50 Rupees, 7.4.1942. P-10.

This seldom encountered KGV design is the highest denomination for the series and will surely grab attention. Nearly a full Very Fine this piece is only hindered by some spot stains, removed graffiti and pressing. Rare any finer. **FINE-VERY FINE** \$1000-\$1500

20340 Government of Seychelles. 50 Rupees, 7.4.1942. P-10s. Specimen printed by TDLR. This KGV Seychelles design is one which is highly scarce in any form. This specimen example is exceptional with detailed inks and great definition of the design. Original paper and nice centering are only hindered by a minor paper clip rust stain found on the verso. **PMG CHOICE UNCIRCULATED 64 NET. RUST.**..... \$1500-\$2500

20341 Government of Seychelles. 50 Rupees, 1.8.1973. P-17e. A widely popular note which shows the famous palm tree's at right which when viewed vertically spell out "SEX," quite legibly. The note is one which incorporates great color in the under-printed which gives great depth to the sailboat vignette at center. Large portrait vignette of QEII at right and sensational technical quality throughout. Extremely difficult to locate any more pleasing and consecutive to the next lot. **PMG GEM UNCIRCULATED 66 EPQ** \$800-\$1200

20342 Government of Seychelles. 50 Rupees, 1.8.1973. P-17e. A note which is consecutive to the previous lot and one which shows just as much appeal. The technical aspects are terrific with punch through embossing of the inks and superb color. Large borders and nice centering help confirm the grade. A design which will remain always in demand. **PMG GEM UNCIRCULATED 66 EPQ** \$800-\$1200

SOUTH AFRICA

20343 South African Reserve Bank. 5 & 10 Pounds, 1943 & 1947. P-86c & 87. 2 pieces in lot. STRAITS SETTLEMENTS

- 20348 Government of the Straits Settlements. \$1, 1.9.1927. P-9a.** This piece is one which was originally paired with the 1925 Five Dollar note we are also offering. Seen with only minor traces of circulation and bright inks throughout, this easily is one of the most appealing we have offered for the design. Bright inks are welcomed along with largely problem free paper, save for a few minor foxing spots. Scarce this pleasing and seen with PMG only graded a small handful finer with a sole Uncirculated note in their population report. **PMG ABOUT UNCIRCULATED 55**.....\$400-\$600

- 20349 Government of the Straits Settlements. \$5, 1.1.1925. P-10a.** This small format Five Dollar note is one of the few we have handled for the type and certainly the finest of them. Seen with strong problem free paper and light even circulation, this note gives great appeal. Brilliant inks remain which aid the popular prowling tiger vignette seen at the verso. PMG shows just two in this Very Fine 30 grade with a single finer being a Very Fine 35 note as no EF or above pieces have been to PMG. The last we sold was a Fine note which brought \$834.00 as lot 7138 in our November 2009 Baltimore auction. We will expect a significantly higher realization with this lot as the quality easily trumps the aforementioned note. **PMG VERY FINE 30**.....\$1500-\$2000

- 20350 Government of the Straits Settlements. \$1, 1.1.1933. P-16a.** One of the more pleasing earlier dated notes for this KGV design we have handled in some time. - 20351 Government of the Straits Settlements. \$1, 1.1.1932. P-16a.** A scarce earlier dated note which has become increasingly difficult to locate in any respectable mid-grade with large increases in demand. This piece shows with mostly even circulation and suffers from only light staining. The first we have handled of this 1932 date for some time. **PMG VERY FINE 30**.....\$300-\$500

An important item for the collector building a worldwide portfolio. **EXTREMELY FINE..... \$3000-\$4000**

TANGIER

20362 Servicios Munisipales, Spanish Occupation. 1 Franco, 1942. P-3. Historically Important Aureus of Nero and His Mother Agrippina

NERO, A.D. 54-68

20488 AV Aureus (7.54 gms.), Rome Mint, October-December 54 A.D. RIC-I-150-1; Calico-399a. Busts of Nero and Agrippina (draped) the younger facing one another. Reverse: "EX S.C." within wreath, legend around. This type was struck shortly after the death of Agrippina's late husband the emperor Claudius. Claudius was the adoptive step-father of Nero, no blood relation to the late emperor. The legend reads "Nero Claudius Caesar August Germanicus", the title Nero took when he was established as emperor. This type depicts the widowed empress face to face with her son the newly proclaimed emperor Nero. Some historians believe Agrippina herself poisoned Claudius in order to set her son up as emperor. However, murder seemed to be a family trait as Nero would have his own mother disposed of some five years later. Historians describe several colorful attempts plotted by Nero which include poison, a mechanical ceiling in her residence intended to crush her and a boat with a collapsible bottom intended to drown her at sea. It is believed that in the end Nero sent an assassin to kill her and make it appear as a suicide. Reportedly her last words requesting the assassin stab her in the womb, "smite my womb" for it was that place that gave birth to such an abomination of a son. Nicely centered with virtually full legends and attractive high relief portraits. Small unobtrusive scrape on central reverse. **VERY RARE, bold. VERY FINE.** **\$5000-\$7000**

Shah Jahan was among the greatest patrons of Islamic architecture, leaving behind many grand structures constructed during his reign. Perhaps the most famous of these, the Taj Mahal, which Shah Jahan built out of love for his wife the empress Momtas Mahal. Located in Agra India, the Taj Mahal is universally considered a world heritage site and considered one of the man made wonders of the world by many.

From the Akola hoard. This date was previously unknown until the discovery of a hoard many years ago along the river banks near the city of Akola. These are thought to have been sent from the Surat Mint as payment for troops fighting near Golconda. The entire mintage was thought to have been swept away by early monsoon flooding in the area where the courier stopped to rest for the evening.

Well struck, fully lustrous and very choice.

40386 8 Escudos, ND (ca. 1637). Assayer R Seville Mint. Philip III (1621-65). Fr-200; cf. Oro Macuquino-pg.437#65; Calico-type-15; cf. La Onza-pg.52#65. Subtle design changes occurred on a fairly regular basis at the Seville Mint during the reign of Philip III. Hence sometimes, even the undated coinage can be narrowed down and circa dated within a couple years of its manufacture. Although only a portion of the date is visible for this coin "16__", minor stylistic difference suggest its date as 1637. These characteristics are namely the arms of Austria which is represented by an arrangement of six small squares as well as minor aspects of the reverse design.

Very attractive with full shield crown and cross. Struck on an abnormally large round planchet that has allowed for nearly full legends. One small test cut at 5 o'clock otherwise, choice and quite well made for this normally quite crude issue. **EXTREMELY FINE.** **\$3000-\$5000**

ECUADOR

40489 Departamento de Ecuador. Guayaquil. Silver Proclamation Medal, 1813. 27 mm; 8.47 gms. Ferdinand VII (1808-33). This strange and apparently unpublished piece possesses many interesting questions. The obverse legend purports to read "ECUA" (ECUADOR)/ "GUa.A" (GUATAQUIL)/ "ED" or "EO" (monogram) "813" (1813). There also appears to be a snake slithering left above (also associated with the city of Guayaquil). The reverse legend is a bit less straight forward. It begins with L.S.J.Q (unknown letters representing some sort of abbreviation)/ "PROC" (proclamation) with water lines below as found in the arms of Guayaquil. One has to assume that the date of 1813 is not the actual date the medal was struck. More likely, it makes direct reference to the Treaty of Valencay which allowed Ferdinand VII to return to Spain and be recognized as king, hence the issuance of a proclamation medal. One of the earliest numismatic items of Ecuador, EXTREMELY RARE, possibly unique, this is the only example we have knowledge of. Accompanied with an old A. H. Baldwin & Sons, LTD coin envelope and ticket. Toned. **VERY FINE.**..... **\$1000-\$1500**

Extremely RARE Fine Workmanship Oxford Mint Pound

GREAT BRITAIN

40575 Pound, 1644. Oxford Mint. Charles I (1625-49). S-2943 (same dies); KM-340 (same dies); Brooker-865 (same dies).

During the reign of Charles I a number of factors put strain on the relationship between the King and Parliament. The King's marriage to a Roman Catholic, failure in wars with Spain and France, the levying of taxes without the consent of Parliament and the use of antiquated laws to fine individuals led to revolts from both the Scots and the Irish as well as estranging the King from main factions in Parliament. One of the final blows before the start of the war was Charles' attempted arrest of five members of the House of Commons, actually entering the House by force with an armed guard. After this failed arrest attempt Parliament seized control of London and Charles marched north to raise an army against them, eventually controlling the west and north of England having set up his court at Oxford in October of 1642 where this coin was later minted.

While assembled in Wellington before one of the first battles of the war the King made what became known as the "Wellington Declaration" wherein he declared he would uphold "the Protestant Religion, the Laws of England and the Liberty of Parliament". This slogan was afterward given a Latin abbreviation which was added to the design of several of his coins including the Pound of 1644 which displays it on the reverse in a wide cartouche with fine scroll work at the top and surmounted by a banded plume mint mark. On the obverse we see Charles astride a muscular war horse which is trampling arms and armor below. This equestrian warrior image is prevalent in much of Charles' coinage and was meant to inspire as many of his subjects as possible. However his cause was all but lost by 1645 in the face of the Parliamentarians' New Model Army under Sir Thomas Fairfax and Oliver Cromwell. While seeking assistance from a Scottish army in Nottinghamshire he was handed over to Parliament only to broker a secret deal with the Scots leading to the Second Civil War where he was once again defeated and this time he was tried, convicted and executed.

From this tumultuous period we offer a RARE finely crafted Pound from Charles' mint at Oxford. A rarity in and of itself it is made even more striking and desirable by its full legends and detailed designs of Charles I on horseback left, holding sword with arms below. Scroll like cartouche containing inscription on reverse. Well struck on a broad planchet. Two small, natural edge cracks, toned.

Choice New Zealand Proof Set Commemorating the Treaty of Waitangi

NEW ZEALAND

40703 "Waitangi" Proof Set, 1935. KM-PS3. Mintage of only 364 sets. The Treaty of Waitangi was a land ownership agreement between British crown and various Maori chiefs. The treaty recognized a British governor over New Zealand, while at the same time recognizing Maori ownership of their land. The treaty was first signed in 1840 and as each of the chiefs signed they would state "He iwi tahi tatou" or "We are now one people". In total 150 chiefs were in attendance, including several women. Some chiefs would sign by drawing a picture that represented the tattoo present on their chin, which were distinctive to each chief. This classic numismatic set commemorates this historic event. Overall the set is very attractive and evenly matched in terms of grade and eye appeal, homogeneous in toning where the coins complement one another nicely. The set is accompanied with the original box of issue, where clearly they were kept for many years to tone in this manner. 3 Pence (**PROOF-66**), 6 Pence (**PROOF-65**), 1 Shilling (**PROOF-65**), Florin (**PROOF-66**), 1/2 Crown (**PROOF-65**) and Crown (**PROOF-65**). **\$7000-\$10,000**

Silver Tankard Inlaid with Incredible Numismatic Rarities

POLAND

40725 East Prussia. Silver Tankard, ND (After 1651, Likely Early 18th Century). Sides, lid, and bottom of tankard inset with 17 Talers and Klippes struck at Elbing before or during the reign of John Casimir (1649-1668). Most are Polish, with three Talers of the Swedish Possessions in the region. The last visible date of the coins is 1651. The overall weight is 1441 gms and is 20.5 cm tall. Maker's mark "S T" divided by handle on the body and on the lid. Handle is beaded and curved, and is of fine style.

The coins are as follows: 4 Klippe Talers of 1651; 10 Talers dated from the 1630's to 1651; 3 Swedish Talers dated 1636. All the coins that are inset in this tankard are VERY RARE; many of these have not been auctioned in many years. It is likely that piece was made soon after the coins were minted, as the interior of the tankard shows high grade pieces, showing little to no circulation. The exterior has been polished many times over the centuries, and thus the pieces are flat and have lost definition, however each piece is completely identifiable, and recognizable as a significant coin in its own right.

A very handsome piece of extremely fine manufacture and museum quality. The tankard is in fine condition, the lid in good working order, with no readily apparent signs of repair. Possibly unique and perhaps the only way that some of these issues can be obtained by the specialist, thus of the utmost importance to the advanced collector of Polish numismatics. **\$50,000-\$75,000**

EXTREMELY RARE 1564 Counterstamped Issue

POLAND

40726 Lithuania. Half Talora (Poltaler), 1564. Sigismund II August Jagiello (1544-72), King of Poland from 1548. Kop-3338 (R5); HCz-(R2); Gum-634. In 1556, Bona Sforza, wife of Sigismund I Stary, Duchess of Bari and mother of Sigismund II August loaned out 430,000 Ducats to the new king of Spain. The new King, Felipe II of Spain, had inherited huge debt from his father Charles V. In that same year, Bona Sforza left Poland to return to Bari. A year later she was dead, poisoned by her personal secretary Gian Lorenzo Pappacoda, reputedly on behalf of Felipe II, who wanted to avoid repaying her. Sigismund II August received part of his inheritance from his mother in Italian Ducatos and Mezzo Ducatos. These pieces were stamped with the image of the Spanish Ruler Carlos V and, ironically, of Felipe II. Meanwhile, the Polish-Lithuanian Commonwealth, along with Denmark and Sweden, found itself embroiled in the Livonian War. The war was fought from 1558-82 against Russia over the territories that had been acquired when the Livonian Order was dissolved. Sigismund II, short on funds to finance military actions, decided to use the Italian Ducatos and Half Ducatos he had inherited to pay his troops. to ensure their circulation at a fixed rate, the coins were counterstamped.

TERMS & CONDITIONS

1. Auction Basics. This is a public auction sale ("Auction Sale") conducted by bonded auctioneers, Stack's Bowers Galleries or Stack's Bowers and Ponterio (hereinafter referred to as "Auctioneer" and at times as "Stack's Bowers"). Bidding in this Auction Sale constitutes acceptance by you ("Bidder") of all the Terms of Sale stated herein. Bidders may include consignors who may bid and purchase lots in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Stack's Bowers ("Consignor" or "Consignors"). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the Buyer's Premium charged to all other Buyers. Stack's Bowers reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Stack's Bowers may have direct or indirect interests in any of the lots in the auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG. Where the Consignor has re-purchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor's direction, or pursuant to contractual agreement, Stack's Bowers reserves the right to so note in the prices realized or to omit a price from the prices realized. Stack's Bowers and its affiliates may bid for their own account at any auction. Stack's Bowers and its affiliates may have information about any lot that is not known publicly, and Stack's Bowers and its affiliates reserves the right to use such information, in a manner determined solely by them and for their benefit, without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Stack's Bowers and its affiliates may not be required to pay a Buyer's Premium, or other charges that other Bidders may be required to pay and may have access to information concerning the lots that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lots may carry a Reserve. A Reserve is a confidential price or bid below which the Auctioneer will not sell an item or will re-purchase on behalf of the Consignor or for Stack's Bowers. The Buyer is the Bidder who makes the highest bid accepted by the Auctioneer, and includes the principal of any Bidder acting as an agent.

2. Descriptions and Grading. Bidder acknowledges that grading of most coins in this Auction have been determined by independent grading services, and those that are not may be graded by Stack's Bowers. Grading of rare coins is subjective and may differ among independent grading services and among numismatists, even though grading has a material effect on the value of the coins. Stack's Bowers is not responsible for the grades assigned by independent grading services, and makes no warranty or representation regarding such grades. Bidder further acknowledges and agrees that grades assigned by Stack's Bowers and lot descriptions are based solely upon an examination of the coins and are intended to note any perceived characteristics. However, coin grading and descriptions are subjective. Stack's Bowers does not warrant the accuracy of such grading or descriptions. All photographs in this catalog are of the actual items being sold but may not be the actual size or to scale.

3. The Bidding Process. The Auctioneer shall have the right to open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent, a Bidder by mail, telephone, internet or telefax; or any other participant in the Auction Sale. Bids must be for an entire lot and each lot constitutes a separate sale. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. Auctioneer shall have the right in its sole and absolute discretion to accept or decline any bid, challenge any bid or bidding increment, to reduce any mail bid received, adjudicate all bidding disputes and to determine the prevailing bid. The Auctioneer shall have the right, but not the obligation, to rescind the acceptance of any bid and place the lot(s) for Auction Sale again. Auctioneer's decision on all bidding disputes shall be binding and final. For the mail and internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When identical bids are received for a lot, preference is given to the first bid received as deter-

mined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder and Telephone Bidder must bid higher than the highest mail bid to be awarded any lot. Bids will not be accepted from persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms of Sale herein and agrees to be bound thereby on behalf of the underage Bidder. The auction sale is complete when the Auctioneer so announces by the fall of the hammer or in any other customary manner.

THIS IS NOT AN APPROVAL SALE. Bidders who physically attend the Auction sale, either personally or through an agent ("Floor Bidders") should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, receive a similar benefit as Floor Bidders in being able to actively participate in the live Auction Sale ("Telephone Bidders"). Except as otherwise expressly provided in these Terms of Sale, NO PURCHASED ITEMS MAY BE RETURNED FOR ANY REASON. All prospective Bidders who examine the lot(s) prior to the Auction Sale personally assume all responsibility for any damage that Bidder causes to the lot(s). Stack's Bowers shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by such Bidder.

STACK'S BOWERS IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING. All Bidders should make certain to bid on the correct lot and that the bid is the bid intended. Once the hammer has fallen and the Auctioneer has announced the Buyer, the Buyer is unconditionally bound to pay for the lot, even if the Buyer made a mistake. Stack's Bowers reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Buyer has taken physical possession of the lot. No participant in the Auction Sale shall have a right to claim any damages, including consequential damages if a lot is withdrawn, even if the withdrawal occurs after the Auction Sale.

4. Bidder Registration Required. All persons seeking to bid must have a catalog and register to bid at the auction by completing and signing a registration card or bid sheet. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to be bound by these Terms of Sale. This agreement shall be deemed to have been made and entered in California. The Bidder acknowledges that the invoice describing a lot by number incorporates the catalog and Terms of Sale.

5. Buyer's Premiums. A Buyer's Premium of seventeen and one-half percent (17 1/2%) (minimum \$15) will be added to all purchases of individual lots (except for reacquisitions by Consignors), regardless of affiliation with any group or organization, and will be based upon the total amount of the final bid. However, Buyers who purchase an aggregate of Fifty Thousand Dollars (\$50,000.00) or more of hammer at any Auction Sale, will have a discounted Buyer's Premium of fifteen percent (15%) (minimum \$15) added to all such purchases. A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Premium. Payment is due immediately upon the fall of the auctioneer's hammer. Payment is delinquent and in default if not received in full, in good funds, within fourteen (14) calendar days of the Auction Sale (the "Default Date"), without exception, time being of the essence. Unless otherwise agreed in writing prior to the Auction Sale, all auction sales are payable strictly in immediately available good U.S. funds, through a bank in the United States. On any cash transaction or series of transactions exceeding \$10,000, Treasury Form 8300 will be filed. Contact Stack's Bowers for wiring instructions before sending a wire. **We accept payment by Visa, MasterCard, American Express or Discover for invoices up to \$2,500. We regret we cannot accept payment by credit card for invoices over \$2,500 for purchases auctioned by Stack's Bowers.** Stack's Bowers reserves the right not to release lots for which good funds have not yet been received. On any past due accounts, Stack's Bowers reserves the right, without notice, to extend credit and impose carrying charges (as described below). Buyers agree to pay reasonable attorney's fees and cost incurred to collect past due accounts. Buyers personally and unconditionally guarantee payment in full of all amounts owed to Stack's Bowers.

TERMS & CONDITIONS (CONT.)

Any person submitting bids on behalf of a corporation or other entity, by making such bid, agrees to be personally liable for the payment of the purchase price and any related charges and the performance of all Buyer obligations under these Terms of Sale and Stack's Bowers reserves the right to require a written guarantee of such payments and obligations. Bidders who have not established credit with Stack's Bowers must furnish satisfactory credit references and/or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amount as Stack's Bowers may, in its sole and absolute discretion require before any bids from such Bidder will be accepted. Deposits submitted will be applied to purchases. Any remaining deposits will be promptly refunded, upon clearance of funds. It is the Buyer's responsibility to contact Stack's Bowers after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Stack's Bowers may elect not to assume responsibility for shipping or packing, or may charge additional shipping and handling. Lots indicated as being "framed" are shipped at Buyer's risk. All taxes, postage, shipping, if applicable, handling, insurance costs, the Buyer's Premium, and any other fees required by law to be charged or collected will be added to the invoice for any lots invoiced to Buyer. All lots will be shipped FOB Destination, freight prepaid and charged back. Title and risk of loss pass to the Buyer at the destination upon tender of delivery. Acceptance of delivery constitutes acceptance of the purchased lots. Inspection of the purchased lots is not required for acceptance. Any and all claims based upon Buyer's failure to receive a purchased lot, Buyer's receipt of a lot in damaged condition, or otherwise related to delivery, must be received in writing by Stack's Bowers no later than the earlier of forty-five (45) days after payment, or the date of the Auction Sale (the "Outside Claim Date"). As Buyers may not receive notification of shipment, it is Buyer's responsibility to keep track of the Outside Claim Date and make timely notification of any such claim. The failure to make a timely claim, time being of the essence, shall constitute a waiver of any such claim.

Buyers will be charged all applicable sales tax, including Buyers who pick up at this Auction or shipments to Buyers in California and New York without a valid Resale Certificate which has been provided to the Auctioneer prior to the auction. Please note that the purchase of any coin or bullion lot(s) with a price, including the Buyer's Premium, in excess of: (i) One Thousand Dollars (\$1,000), for auctions held in Maryland, are exempt from Maryland sales tax, and (ii) One Thousand Five Hundred Dollars (\$1,500) are exempt from California sales tax. These exemptions do not apply purchases of currency. Purchases of coins and currency are exempt from sales tax in Illinois. Purchases of coins are exempt from sales tax in Pennsylvania, but currency purchased at auctions held in Pennsylvania are subject to Pennsylvania sales tax. On any tax not paid by Buyer that should have been paid, even if not collected by Stack's Bowers by mistake, error, negligence or gross negligence, Buyer remains liable for and agrees to promptly pay the same on demand together with any interest or penalty that may be assessed.

6. Financial Responsibility. In the event any applicable conditions of these Terms of Sale herein are not complied with by a Buyer or if the Buyer fails to make payment in full by the Default Date, Stack's Bowers reserves the right, in its sole discretion, in addition to all other remedies which it may have at law or in equity, to: (a) rescind the sale of that lot or any other lot or lots sold to the defaulting Buyer, retaining all payments made by Buyer as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, or (b) resell a portion or all of the lots held by Stack's Bowers, in a commercially reasonable manner, which may include a public or private sale, in a quantity sufficient in the opinion of Stack's Bowers to satisfy the indebtedness, plus all accrued charges, and Stack's Bowers may charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Stack's Bowers. If Stack's Bowers resells the lots, Buyer agrees to pay for the reasonable cost of such sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloguing and any other reasonable charges. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Stack's Bowers. The proceeds shall be applied first to the satisfaction of any damages occasioned by Buyer's breach, then to any other indebtedness owed to Stack's Bowers, including without limitation, commissions,

handling charges, carrying charges, the expenses of both sales, reasonable attorneys' fees, costs, collection agency fees and costs and any other costs or expenses incurred. Buyer shall also be liable to Stack's Bowers for any deficiency if the proceeds of such sale or sales are insufficient to cover such amounts.

Buyer grants to Stack's Bowers, its affiliates and assignees, the right to offset any sums due, or found to be due to Stack's Bowers, and to make such offset from any past, current, or future consignment, or purchases that are in the possession or control of Stack's Bowers; or from any sums due to Buyer by Stack's Bowers, its affiliates and assignees. In addition, defaulting Buyers will be deemed to have granted to Stack's Bowers, its affiliates and assignees, a security interest in: (x) the purchased lots and their proceeds, and (y) such sums or other items and their proceeds, in the possession of Stack's Bowers, its affiliates or assignees, to secure all indebtedness due to Stack's Bowers and its affiliated companies, plus all accrued expenses, carrying charges, attorney fees, and costs, until the indebtedness is paid in full. Buyer grants Stack's Bowers the right to file a UCC-1 financing statement for such items, and to assign such interest to any affiliated or related company or any third party deemed appropriate by Stack's Bowers. If the auction invoice is not paid for in full by the Default Date, a carrying charge of one-and-one-half percent (1-1/2%) per month may be imposed on the unpaid amount until it is paid in full. In the event this interest rate exceeds the interest permitted by law, the same shall be adjusted to the maximum rate permitted by law, and any amount paid in excess thereof shall be allocated to principal. Buyer agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Stack's Bowers or any affiliated or related company to collect past due invoices or to interpret or enforce the terms hereof or in any action or proceeding arising out of or related to the Auction Sale. Stack's Bowers reserves the right to assign its interest to any third party. To the extent that the Buyer for any lot consists of more than one person or entity, each such person or entity is jointly and severally liable for all obligations of the Buyer, regardless of the title or capacity of such person or entity. Stack's Bowers shall have all the rights of a secured party under the California Uniform Commercial Code and all rights of the consignor to collect amounts due from the Buyer, whether at law or equity.

7. DISCLAIMER AND WARRANTIES. NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOT THAT THE CONSIGNOR MAY HAVE AS OF THE AUCTION SALE DATE. ALL LOTS ARE SOLD "AS IS" AND WITH ALL FAULTS. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING, QUALITY, DESCRIPTION, CONDITION, AUTHENTICITY, AND PROVENANCE OF A LOT.

a. COINS LISTED IN THIS CATALOG GRADED BY PCGS, NGC OR ANACS CACHET, OR ANY OTHER THIRD PARTY GRADING SERVICE OR EXAMINED BY THE BUYER PRIOR TO THE AUCTION SALE MAY NOT BE RETURNED FOR ANY REASON WHATSOEVER BY ANY BUYER, EXCEPT FOR CLAIMS RELATED TO AUTHENTICITY.

b. For non-certified coins that have not been examined by the Buyer prior to the Auction Sale: if it is determined in a review by Stack's Bowers that there is a material error in the catalog description of a non-certified coin or the coin is not authentic, such lot may be returned, provided written notice is received by Stack's Bowers no later than seventy-two (72) hours of delivery of the lots in question, and such lots are returned and received by Stack's Bowers, in their original, sealed containers, no later than fourteen (14) calendar days after delivery, in the same condition the lot(s) were delivered to the Buyer, time being of the essence.

c. If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container.

d. Late remittance or removal of any item from its original container, or altering a coin constitutes just cause for revocation of all return privileges.

e. Grading or condition of rare coins may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Stack's Bowers. Stack's Bowers shall not be bound by any prior, or subsequent opinion, determination or certification by any independent grading service.

f. Questions regarding the minting of a coin as a "proof" or as a "business strike" relate to the method of manufacture and not to authenticity.

g. All oral and written statements made by Stack's Bowers and its employees (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Stack's Bowers has authority to vary or alter these Terms and Conditions of Auction Sale. Any alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so. Stack's Bowers reserves the right to vary or alter the Terms of Sale, either generally or with respect to specific persons or circumstances, in its sole discretion. Any variation or alteration shall be effective only if in writing and signed by an officer of Stack's Bowers authorized to do so.

h. Bidders shall have no recourse against the Consignor for any reason whatsoever.

i. Bidder acknowledges that the rare coin market is speculative, unregulated and volatile, and that coin prices may rise or fall over time. Stack's Bowers does not guarantee that any customer buying for investment purposes will be able to sell for a profit in the future.

j. Bidder acknowledges and agrees that neither Stack's Bowers, nor its employees, affiliates, agents, third-party providers or consignors warrant that auctions will be unimpaired, uninterrupted or error free and accordingly shall not be liable for such events.

8. Waiver and Release. Bidder, for himself, his heirs, agents, successors and assignees, generally and specifically waives and releases, and forever discharges Stack's Bowers, and its respective affiliates, parents, shareholders, agents, subsidiaries, employees, members of their respective boards of directors, and each of them, and their respective successors and assignees from any and all claims, rights, demands and causes of actions and suits, of whatever kind or nature, including but not limited to claims based upon Auctioneer's negligence, whether in law or equity, whether known or unknown, suspected or unsuspected (a "Claim"), which Bidder may assert with respect to and/or arising out of, or in connection with any challenge to the title to or authenticity of any goods purchased, the sale itself, any lot bid upon or consigned, and/or the auction, except where such Claim is otherwise expressly authorized in these Terms of Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every Claim that may arise hereunder or be related to the Auction Sale, and Bidder hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows:

"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR."

9. Disputes. If a dispute arises concerning ownership of a lot or concerning proceeds of any sale, Stack's Bowers reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and Buyer and any other applicable party, and in such event shall be entitled to its reasonable attorneys' fees and costs. Stack's Bowers reserves the right to cancel or postpone the Auction Sale or any session thereof for any reason whatsoever. No Bidder shall have any claim as a result thereof, including for incidental or consequential damages. Neither Stack's Bowers nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms of Sale, the auction or the conduct thereof and in no event shall such liability exceed the purchase price, premium, or fees paid. Rights granted to Bidders under the within Terms and Conditions of Auction Sale are personal and apply only to the Bidder who initially purchases the lot(s) from Stack's Bowers. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such

rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

10. General Terms. These Terms and Conditions of Auction Sale and the auction shall be construed and enforced in accordance with, and governed by, the laws of the State of California, regardless of the location of the Auction Sale. Any dispute arising out of or related to these Terms of Sale, the Auction Sale or any lot, with the sole exception of actions by Stack's Bowers to collect amounts owed to it and other damages, shall be submitted to binding arbitration pursuant to the rules of the Professional Numismatics Guild ("PNG"). Bidder acknowledges and agrees that the competent courts of the State of California shall have exclusive jurisdiction, subject to the requirement to arbitrate, over any dispute(s) arising hereunder, regardless of any party's current or future residence or domicile. Bidder further agrees that venue of the arbitration proceeding shall be in Orange County, California; and any court proceeding shall be in the Orange County Superior Court, in the State of California. Bidder agrees that any arbitration or legal action with respect to this Auction Sale is barred unless commenced within one (1) year of the date of this Auction Sale. These Terms of Sale and the information on the Bower's website constitute the entire agreement between the parties hereto on the subject matter hereof and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. If any section of these Terms of Auction Sale or any term or provision of any section is held to be invalid, void, or unenforceable by any court of competent jurisdiction, the remaining sections or terms and provisions of a section shall continue in full force and effect without being impaired or invalidated in any way. Stack's Bowers may at its sole and absolute discretion, make loans or advances to Consignors and/or Bidders.

11. Special Services. If you wish to limit your total expenditures, please fill in the maximum amount you wish to spend on the MAXIMUM EXPENDITURE line at the upper portion of your bid sheet. You can then submit bids for amounts up to eight times the amount of the maximum expenditure. This is a personal service and a Stack's Bowers customer representative will personally attend to your bid sheet by bidding from the auction floor, buying lots for your account until your authorized expenditure is reached. While we will do our best in your behalf, due to the speed of the auction sale and the sometimes crowded conditions, we cannot be responsible for failure to execute such a bid properly. Due to the bookkeeping involved, this service is offered only to bidders with maximum expenditures of \$1,000 or more.

We invite you to take advantage of the optional 10% to 30% increase to help your chance of being a successful bidder. Check the appropriate place on your bid sheet.

Bidding in this auction sale constitutes unconditional acceptance by the Bidder of the foregoing terms of sale.

Please note: Transparent holders in which the auction lots are stored are to facilitate viewing and inspection of the lots and ARE NOT for long-term storage.
